First Steps

Below are the first steps you need to complete.

1. Activate your Campus ID

Campus ID – the account name you'll use to log into pretty much everything. Select Activate Your Campus ID to get started. Your Panther ID is the nine-digit number located on your acceptance letter.

2. Set up your PantherMail

You'll use this email address for all official communications with the university.

3. Log into Panther Access to Web Services (PAWS)

PAWS is the online portal to access things like student accounts, housing, orientation, and more. Log into PAWS using your Campus ID. While you're there, check out the **New Students** tab. View your student record under the **Enrollment** tab. Click the **Campus Resources** tab for housing information.

4. Apply for housing (if desired)

The housing application is available in late January. Housing priority will be given on a first-come, first-served basis.

5. Fill out Free Application for Federal Student Aid (FAFSA)

Your application for financial aid can also verify your citizenship. **Georgia State's Code is 001574.** This application will determine if you're eligible for all federal and state aid programs. You're encouraged to submit a FAFSA, even if you think you're not eligible for federal aid programs, as this application will review your eligibility for the HOPE Scholarship and other financial aid opportunities. Please note you must have a PIN to complete this application.

6. Submit your Intent to Enroll form

Let us know your enrollment plans for the fall. No payment is necessary to submit your intent to enroll.

7. Verify Citizenship

You must provide verification of a lawful presence in the United States before your admissions can be finalized.
